SOUTHERN WRECK.

No Additional Deaths Have Occurred and the List Still Stands at 62.

INJURED REPORTED DOING WELL.

Only Four or Five Are so Desperately Wounded That Death May Result From Injuries.

A Body Shipped to Birmingham, Ala. as Being That of David S. Fox, Proves to Be J. M. Daly, of Detroit, Mich.

Knoxville, Tenn., Sept. 27.—No additional deaths of injured occurred Monday and the death list of the Southern wreck near Newmarket on Saturday last still stands at 62. All of the injured at the Knoxville general hospital are reported doing well and only four or five are so desperately wounded that death may result from their injuries.

A body which was identified early Sunday morning as that of D. S. Fox, of Birmingham, Ala., and sent to that city, was returned here Monday accompanied by two brothers of Mr. Fox. The body supposed to have been that of D. S. Fox turned out to be that of J. M. Daly, a commercial traveler of Detroit, Mich. The brothers of Mr. Fox went to the morgue and identified a body there as that of their brother. The mistake must have been made by searchers at the wreck who put Mr. Fox's papers in the pocket of the Daly body.

A body said to be that of George Lee, of Carrollton, Ky., was identified as K. S. Konrad, of Cincinnati.

Monday was one of sorrow for this city. No less than 12 funerals of victims of the wreck were held. One was a double funeral, where two aged sisters were buried; at another mother and daughter were buried and at still another, services was said for a mother and two little children.

Many of the leading officials of the Southern are still here and will remain until all damage can be settled so far as possible. Monday at the scene of the disaster a huge bonfire was built and the mass of kindling wood was burned, together with small pieces of decaying flesh.

Of the list of 62 dead only five bodies now remain to be identified. Four are white men and one colored. Three will probably have to be buried in nameless graves. Two of the white men may be traced. One wears a masonic badge and has the initials, "G. B." on his linen. The only means of identifying the other body is through his watch, made by A. C. Kolbuch, works No. 130,814.

IN A RACE RIOT.

Two Negroes Killed and Three Fatally Wounded Near Memphis.

Memphis, Tenn., Sept. 27.—Two Negroes were killed and three fatally wounded in a race riot near Lynchburg, Miss., 15 miles south of Memphis, late Monday. The shooting took place on the plantation of J. J. Johnson, who with his two sons and two friends went into a field to gather a load of corn. The field was worked on shares by a Negro family named Kennedy. As the white men were driving their wagon from the field a fusillade from a party of blacks met them. The fire was returned with the result that two Negroes were killed outright and three were fatally shot. A number of whites joined Johnson and his friends and are now searching for others of the attacking party. The names of the dead and wounded are not obtainable.

THE DUKHABOR COLONIES.

A Large Body of Them Start on a March to the United States.

Winnipeg, Man., Sept. 27.—Word has been received here from the Dukhabor colonies near Saskatoon, N. W. T., that a large body of them has started on a march for the United States. This time they are not looking for Jesus, but are on the trek for a warmer climate. The affair is causing much excitement, as it is known to what extremes these people will go to obtain their ends. It is feared they have started on the longest pilgrimage they have ever had. The royal northwest mountain police is being rushed to the scene.

Havana, Sept. 27.—As a result of the continued absence of a quorum, Senor Malberty, speaker of the house of representatives, Monday ordered that all absentees be fined \$10, the amount of a day's pay.

Do the best that is in you to-day, tomorrow's best will not seem so hard.—Chicago Post.

THE ATTEMPTED POISONING.

It Is Reported the Colored Waiter Has Made a Confession.

Lexington, Ky., Sept. 27.—Despite denials of Judge Mulligan and detective Chief Marshall, a press correspondent learns that Louis Mitchell, the Negro who attempted to poison the Mulligan family, has made a confession. In the confession the Negro implicates a prominent man, whose identity this correspondent is not authorized to use.

A long distance telephone message from James Mulligan, in Chicago, son of Judge J. H. Mulligan, whose family was attempted to be poisoned here Saturday night, stated he would leave Chicago at once for Lexington. He instructed his attorney here to see that the Negro was held in jail. He declared he intended to go to the bottom of the mystery, and it is believed he will make statements when he arrives that will disclose a profound sensation. Family troubles are hinted at in publications of a serious nature, and James Mulligan's name is referred to in a local paper in a sensational connection with the attempted crime. This, it is given out, is one of the reasons for the young man's hurried return. Friends here say he proposes to go before the grand jury and may throw some light on the heretofore profound mystery.

FOR SAFE KEEPING.

A Colored Man Spirited Away From Versailles, Ky.

Lexington, Ky., Sept. 27.—Chas. R. Jones, colored, was spirited away from Versailles Monday night and brought here to escape lynching for attempted criminal assault. The complainant is Lucy, 16-year-old daughter of Capt. Sam Fogg, a prominent farmer. Miss Fogg and a neighbor girl were horseback riding together. Her companion turned in her gate and Miss Fogg proceeded toward her home. When within half a mile the Negro jumped out from a thicket and caught her by the reins. She whipped up the horse. The Negro then jumped on another horse concealed in the bushes and gave pursuit. The horse race was a furious one. The girl to save life and honor and the Negro to accomplish a brutal purpose. The girl finally won the race. Her father and a neighbor gave pursuit and captured the Negro and took him before Miss Lucy. She identified him positively. Mr. Fogg wanted to kill the Negro, but the neighbor prevented. Shortly after the Negro was placed under arrest the farmers began to pour into Versailles and he was spirited away to Lexington.

SUPPOSED RIVAL.

Jeff Etter Killed Max Wolf and Then Wounded His Wife.

Middlesboro, Ky., Sept. 27.—Jefferson Etter killed Max Wolf in a fit of jealous rage and also shot and wounded his own wife. In his dying agonies, Wolf managed to shoot Etter through the bowels. Wolf, it is claimed, had been paying attention to Etter's wife for some time, escorting her to church and places of amusement. On last Thursday night Wolf took Mrs. Etter to a minstrel show. Etter then forbade Wolf from ever entering his house again. Sunday night when Etter came in from Barboursville on an evening train he found Wolf at his house. He immediately began firing. The latest reports from Etter are that he will die.

Woman Attacked a Burglar.

Cynthiana, Ky., Sept. 27.—Miss Mattie Dee Todd, formerly postmistress, discovered a burglar in her bedroom at an early hour. She leaped from her bed and attacked the man, who was crawling on the floor. They struggled into the yard, where he broke loose and escaped.

For a New Capitol Site.

Louisville, Ky., Sept. 27.—Sixty-five members of the general assembly out of 82 have gone on record in reply to inquiries of the Commercial club, favoring the enactment of a law by the legislature in extraordinary session to provide for the purchase of a new capitol site.

Death of William Hutton.

Harrodsburg, Ky., Sept. 27.—William Hutton, one of the oldest and best-known men in the city, died after an illness of about one year of paralysis. He was 73 years of age and the father of D. M. Hutton, one of the editors of the Harrodsburg Herald.

San Francisco, Sept. 27.—The Union iron works, one of the properties of the former United States shipbuilding corporation, was sold at public auction Monday by order of the federal court of the district of New Jersey.

Charlottenburg is the first German commune to appoint a woman school director.

SPEEDED HIS AUTO

Third Secretary to the British Embassy Arrested and Fined in Lee, Mass.

WAS ALSO FINED FOR CONTEMPT.

He Refused to Plead in Court Claiming He Could Not Be Arrested For Any Crime.

Matter Was Referred to State Department and the Governor Was Advised to Secure Diplomatic Immunity For Secretary.

Pittsfield, Mass., Sept. 27.—Hugh Gurney, third secretary of the British embassy, was Monday fined in the police court at Lee on two charges. For contempt of court he was fined \$25. A similar fine was imposed in a case charging him with speeding his automobile in Stockbridge Sunday. Mr. Gurney, when arraigned, positively refused to plead, claiming that as "He was the third secretary to his Britannic majesty he could not under international law be arrested or held for any crime." He paid the fines under protest.

Washington, Sept. 27.—Notice of the action of a special justice at Lee, Mass., in fining Hugh Gurney, third secretary of the British embassy, was received at the state department in a telegram from Mr. Raiker, first secretary of the embassy, who is at Lenox. The department immediately transmitted this telegram in substance to the governor of Massachusetts with the suggestion that he do whatever might be necessary to secure the diplomatic immunity of Mr. Gurney. It is believed at the department that the matter may be far more serious than the local officials at Lee seem to regard it. In the first place, by constitutional and statutory law, the persons attached to an embassy are expressly relieved from any legal responsibility and the exemption even extends to domestic servants. Section 4063 revised statutes declares that any writ prosecuted in any court of the United States or of a state or by any judge or justice intended to cause the arrest and imprisonment of any public minister or his servant shall be void. The succeeding section, 4064 revised statutes, provides that every person by whom any such protest is obtained or prosecuted whether as party or attorney or whether officer concerned in its execution, "shall be deemed a violator of the law of nations and a disturber of the public repose and shall be imprisoned for not more than three years and fined at the discretion of the court."

It will remain for the governor of Massachusetts to take initial action in this case, which will require prompt redress. The last important precedent occurred in 1892 at the picnic resort of Bay Ridge, near Baltimore, when Dr. Georg, an attaché of the Swiss legation in Washington, was arrested by a deputy sheriff on the charge of being a pickpocket and was searched and otherwise treated in a humiliating manner by the local authorities. The state department secured his release at an early moment through the governor of Maryland who also caused the dismissal of the offending deputy and extended an apology for the incident. Though the Swiss minister might have pressed further punishment he accepted what had been done as sufficient, but the matter was deemed of such importance that he could not give this notice to our government until the Swiss federal council had formally considered the case and expressed itself satisfied.

AT FRENCH LICK SPRINGS.

Western Democratic Headquarters Will Be Established There.

New York, Sept. 27.—It is understood that western headquarters for the democratic national committee will be established at French Lick Springs, Ind., early next month, and in all probability will be under the direction of Thomas Taggart, chairman of the national committee. From French Lick the campaign will be directed in the states of Indiana, Illinois, Wisconsin, Ohio, Kentucky, Michigan, Missouri, Iowa and all the far western states, where there is the possibility of winning electoral votes.

A Member of the General Board.

Washington, Sept. 27.—Capt. William Swift, who was to have commanded the battleship Maine, has, at the request of Adm. Dewey, been retained in Washington for the present as a member of the general board.

Chicago, Sept. 27.—George Barr McCutcheon, the author, was married here Monday night to Mrs. Marie Van Antwerp Fay, of Highland Park, Ill.

INDIAN AFFAIRS.

Many Irregularities Have Been Discovered on the Reservations.

Kansas City, Sept. 27.—Charles J. Kappler, chief clerk of the United states senate committee on Indian affairs, has just completed a week's trip through Indian territory with Senator Stewart, chairman of the committee. Mr. Kappler said that the trip had opened their eyes to many irregularities in the affairs of the Indians that they would never have known without a personal investigation. "We found that the Dawes commission had done good work," he said. "The Negroes in the Creek Nation, though, are selling their lands for a song and spending the money rapidly. They will be paupers in five years. The Indians in the Chickasaw Nation are leasing their lands at a ridiculous figure. There are only one million acres in the nation and we found one white man in control of 120,000 acres. He boasted of the fact that it had taken him nine months to get the land and that it would take congress nine years to get it away from him. The district court, however, has ruled that these lands must be leased for a reasonable consideration and this may enable us to get the lands back into the hands of the Indians again."

CORRESPONDENT'S PREDICTION.

Says the Far East War Will Lead to European Complications.

Honolulu, Sept. 27.—Melton Prior, the British newspaper correspondent, who arrived here Monday on the Pacific mail steamer Mongolia from Yokohama says he feels absolutely certain that the war in the far east will lead to European complications and to the most awful war in the world's history. Mr. Prior complains that Japan has displayed bad faith toward all the correspondents. This he says is his 27th campaign and it is the only one in which he has seen nothing. He believes that with the possible exception of the battle of Liao Yang, not one correspondent has seen a shot fired and he even doubts if the Liao Yang fighting was witnessed by a newspaper man.

Other correspondents are returning on the Mongolia. Richard, Harding Davis is going to the United States by way of Victoria.

EMPLOYERS WIN.

Nine Thousand Workmen Returned to Work Without Union Regulations.

THEY WENT BACK AS INDIVIDUALS

They Also Agreed For a Reduction in Pay of From 10 to 20 Per Cent.

Three Branches of the International Harvester Works and the Pullman Co. Reopened Their Shops After a Shut Down.

Chicago, Sept. 27.—Nine thousand men returned to work without union regulations of any sort Monday when the three Chicago branches of the International harvester works and the Pullman Co. reopened their shops after a shut down of two weeks. The men not only returned to their former places as individuals, but they also agreed to reductions in pay of 10 to 20 per cent. Before the shut down the International harvester works recognized the labor unions but with the announcement of a resumption of work Monday came the statement that the company would not renew its agreement with the trades unions and that the plants would be operated on a basis of 57½ hours a week instead of 54, with no increase in wages.

The men accepted the ultimatum of the company without any serious manifestation of discontent and all of the old employees who could obtain work accepted the new regulations.

Monday night a call was issued for a special meeting of representatives of all unions having members employed by the International Harvester Co., to consider the conditions at the three plants, but the general belief is that the men will remain at work under the new conditions.

The case of the employees of the Pullman Co. is different from that of the harvester company, inasmuch as the Pullman Co. has ignored all trades unions since the strike in their plant in 1894. The Pullman Co. announced Monday that it would reopen its shops but at a wage reduction of 10 to 20 per cent. Less than 2,000 workers were given their former positions, but these men willingly accepted the decrease in pay and several thousand of the former employees left the yards of the company Monday night bitterly disappointed because they could not return to work even at the reduction in wages. It is the intention of the Pullman Co. to have its plant in full operation by next Monday. Work was resumed Monday only in the car repair shops.

WHY HE FIRED THE STORE.

Said It Would Give Work to Many in Replacing the Stock.

St. Louis, Sept. 27.—According to statements by the police William Wilkie, who Monday surrendered himself, has confessed that he had tried to burn the Lammert Furniture Co.'s store on August 8. The fire resulted in a loss of \$80,000. Wilkie, who calls himself a socialist, is an employee of the Lammert Co. Wilkie told the police that he tried to burn the store for the reason that it would give work to many men in replacing the stock.

RELEASED FROM JAIL.

Thos Haggerty, Bernard Flaherty and John Noon Go Free.

Parkersburg, W. Va., Sept. 27.—Judge John Jackson, in the United States court Monday, dismissed the charge of contempt against the miners and others arrested recently at the mine of the Penna Consolidated Coal and Coke Co., of Preston county, and released from jail Thomas Haggerty, Bernard Flaherty and John Noon, who were confined in default of bail to await their hearing. The charge was technically incorrect.

Auto and Street Car Collide.

Pittsburg, Sept. 27.—A collision between W. L. Dixon's automobile and an Avalon street car Monday evening resulted in the serious injury of W. L. Dixon, James Wilson and George E. Turner. Dixon and Wilson will be lamed for life.

St. Louis, Sept. 27.—More than 500 cotton men attended the convention of the southern cotton growers, which met in the palace of agriculture. President Harvie Jordan, of the Southern Cotton Growers Protective association, presided.

ANYHOW, the Hon. S. J. Pugh is causing the boys some little uneasiness already.—Cynthiana Log Cabin.
It's easy—take an emetic.

MR. DOUGLAS McDOWELL has entered the race for the Democratic nomination for County Assessor. "Doug" is a very clever fellow and is not without a host of friends who will help to make the contest lively from now until the close of the November primary.

CANDIDATES for Magistrate are entering the fray. Messrs. James B. Key and Fred Dreesel seek the nomination for the Second district, Mr. Patrick Maher the Fifth and Mr. Alex H. Calvert the Seventh. The fight promises to be warm where there is opposition. May the most competent men win!

THE Cynthiana Log Cabin says Mr. Pugh does not want to make the race unless he can have the united party at his back. The suggestion may seem a trifle vulgar, but it's our opinion the Judge will need something else behind him when the roosters begin to warble on the morning of November the 9th.

MR. GEORGE W. ORR is the only candidate so far announced for Coroner. "Pap" is one of the old Democratic war-horses, and, so far as we know, has never before sought an office at the hands of the party. He not only knows how to handle a hatchet and saw, but he will show the boys how he can hustle for votes, too.

EVERY now and then the editor is button-holed, patted on the back and asked to suppress an item or a detail of some important matter, the publication of which could not wrong a living soul; sometimes he is even threatened with extermination if he persists in printing the truth and publishes facts as they really exist. A newspaper is under obligations to its readers to give legitimate news, and no self-respecting editor will permit himself to be dictated to by those who, for purely personal motives, wish an item suppressed.

THE report comes from Washington that the National Committee has flatly refused to contribute towards carrying the State for the Republicans and that Chairman Babcock is now considering whether it will be worth while to aid the Kentucky Republicans in any of their Congressional districts. It is reported that he may place a few dollars in the Ninth if he can spare it, through no hope of electing a Congressman, however, but because of the continued appeals for help coming from Judge Pugh. This piece of news would seem to indicate that the Lewis County man has had ample time to "think it over" and has recovered from his "surprise" at being nominated.

An election to fill a vacancy in the office of School Trustee in school districts of the county will be held in the respective schoolhouses from 1 p. m. to 6 p. m. next Saturday.

Suit has been filed at Lexington by State Revenue Agent Alexander of Louisville against the noted horseman, James B. Haggins, for five years back taxes on \$2,600,000 worth of property, amounting in all to \$153,740.

Dr. John Bond of this city was tried before a jury Monday and found to be of unsound mind, caused by nervous collapse and old age, and ordered sent to the asylum at Lexington. Sheriff Robertson left with him this morning. His friends hope that the affliction is but temporary and with proper treatment he will regain his mental faculties.

According to a dispatch from Somerset Dr. Hunter says he has given up the fight for the Republican nomination for Congress in the Eleventh district and will not make a contest, though he claims he has been robbed in several counties in the district, and that on a fair deal he had won by nearly 2,000. His friends say that he was "thrown down" by men he had put in office, and that it was accomplished by the State Central Committee Wednesday.

The West Union Defender says Captain Ed. Duval, the well-known Ohio river pilot, residing at Moscow, had a thrilling experience recently. He fell from the steamer Vivian in Island Chute near Gallipolis, and narrowly escaped death by drowning. He was compelled to swim over two miles before he could effect a landing, and was found unconscious and almost dead. When resuscitated, he became violently insane, and at last advices was lying in the hospital at Gallipolis in a critical condition.

JUDGE PARKER'S SUMMARY.

ALTON BROOKS PARKER.

The BULLETIN hasn't room to publish Judge Alton B. Parker's full letter accepting the Democratic nomination for the Presidency, but takes pleasure in printing a brief summary of the most essential points. He says:

I have put aside a congenial work, to which I had expected to devote my life, in order to assume, as best I can, the responsibilities your convention put upon me.

I solicit the cordial co-operation and generous assistance of every man who believes that a change of measures and of men at this time would be wise, and urge harmony of endeavor as well as vigorous action on the part of all so minded. The issues are joined and the people must render the verdict.

Shall economy of administration be demanded or shall extravagance be encouraged?

Shall the wrongdoer be brought to bay by the people, or must justice wait upon political oligarchy?

Shall our Government stand for equal opportunity or for special privilege?

Shall it remain a government of law or become one of individual caprice?

Shall we cling to the rule of the people or shall we embrace beneficent despotism?

With calmness and confidence we await the people's verdict.

If called to the office of President I shall consider myself the Chief Magistrate of all the people and not of any faction, and shall ever be mindful of the fact that on many questions of national policy there are honest differences of opinion. I believe in the patriotism, good sense and absolute sincerity of all the people. I shall strive to remember that he may serve his party best who serves his country best.

If it be the wish of the people that I undertake the duties of the Presidency I pledge myself, with God's help, to devote all my powers and energy to the duties of this exalted office.

IN THE TOILS.

A Bunch of Misfits Receive Stiff Fines and Jail Sentences in Police Court Monday Afternoon.

Whisky that will superinduce rabies has been discovered in Maysville. The find was uncovered Sunday night by John Harrison and Charley Plummer, who proceeded to imbibe generous quantities. The booze must have been of the quick-action, rapid-fire sort, judging from the commotion it created on Lower Wall street about 9:30 o'clock. When times were getting good and the pretty crimson corpuscles began to freely flow, the big Chief, Senteney and Rosser "hove to" and landed the peace-breakers after a short and sharp canter. Monday afternoon they faced Judge Whitaker and their fate at one and the same time. The court heard the testimony and with its accustomed grace turned over the pages of the big book, as he whispered softly: "\$25.50 each, boys, and you had a barrel of fun."

John, alias Mitch Leggett arrested a week ago for petit larceny and held over on \$100 bond, was tried before Judge Newell Monday and given thirty days in the House of Trouble.

Richard Watkins went beyond the limit again Saturday night. Officer Ryan didn't want the lad to overplay himself so often and gathered him in. It cost Dick \$10.50 for his indiscretion.

HARD TO EXPLAIN.

If This Had Occurred Anywhere Else Than Maysville Our Readers Might Doubt It.

It's hard to explain how the public can continue to doubt in the face of such evidence. If this were published anywhere else than in Maysville, if the statement given below went the rounds of the press, readers in Boston or New Orleans might doubt it. But it's very different when the testimony given comes from a friend, perhaps a neighbor. It is public expression of a local citizen and can be easily investigated.

Mr. Larmon Dawson, residing at 934 East Second street, says: "The quick relief from pain in my back, which followed the use of Doan's Kidney Pills proved them to possess remarkable healing powers. I procured them at J. Jas. Wood & Son's drug store, corner West Second and Market streets. From the satisfactory results obtained I can advise all in need of a kidney medicine to give Doan's Kidney Pills a trial."

MR. CHAMBERLAIN'S

Visit is Rapidly Drawing To A Close,

very much to the regret of quite a few people who say they are not quite ready to buy an instrument at the present time. BARE FACTS ARE SELF EVIDENT.

If you will call at John I. Winter's store and look at the bare spaces wherein pianos formerly sat, you can see and form some idea of the number of families that Mr. Chamberlain has made happy. We say made happy, and we say it wisely.

Of the many instruments he has placed in good homes upon this visit, not a one of them was bought within fifty dollars of their value, and in some cases parties saved as much as \$100.

Mr. Chamberlain truly hopes to have the pleasure of a personal acquaintance ere his visit here closes and allow us to say at this point that you should be just to yourself as well as your posterity, and justice demands that you devote enough time to investigate Mr. Chamberlain's proposition.

Remember Mr. Chamberlain is visiting our branch store with full authority to act upon his judgement. That is enough said. Mr. Chamberlain hopes to see you ere his visit closes. Yours faithfully,
